

Love Reading Core Learning Programme

This professional learning programme is free to access for all primary school teaching practitioners in Wales.

✦ Seeing the world through a reading lens for teachers and TAs

This **90 mins** session will help participants to:

- Explore their learners' reading motivations and attitudes
- Discuss ways in which reading can be incorporated in practical ways across different subject areas
- Develop confidence in being creative in their delivery of reading in the classroom to boost learner motivation

✦ The reading lens for leaders for senior leaders in schools

This **45 mins** session will help participants to:

- Consider how to develop a school-wide culture of "seeing the world through a reading lens"
- Understand the Love Reading approach and the benefits it can bring to their school
- Understand research and theory related to reading motivation, to better support school improvement plans for reading

Love Reading Learning Menu

- ◆ **Understanding your learners**
Love Reading will support you to become an expert in **understanding and evaluating your learners' reading attitudes**. You can use the Love Reading survey with your learners, and we will help you better understand and analyse the results.
- ◆ **Reading Champions**
Explore fun ways to develop young **reading role models** in your school. You can access an adaptable online resource, alongside a short 45 mins online session to learn more about effective reading role modelling.
- ◆ **How to read a story aloud**
A 1hr 15mins online workshop facilitated by **Tamar Eluned Williams**, with a focus on learning techniques and ideas to make reading aloud more engaging for your learners.
- ◆ **Reflections**
This 1h online session will be a space where teachers can discuss the reading engagement strategies and resources they have used, finding out from others what worked well and what they'd like to learn more about. It's an excellent place to **share good practice** and **consolidate your learning**.

The Love Reading fun and accessible reading experiences

- are **free** to download and adapt for all who take part in the core learning session
- cover a variety of subjects across the **Curriculum for Wales** Areas of Learning and Experience
- are framed around **multimedia** materials and **activities to 'hook' children into exploring reading** as part of their everyday life and create positive associations with reading
